# Bones Deep Character Sheets

#### **Create a Skeleton**

- All skeletons have 6 Base Skill.
- 2. Roll 2d6+12 to determine Max Stamina.
- 3. Choose a Background:

Carvers channel magic through runes on their bones.

Newborns just recently hatched and learn skills quickly.

Junkers collect trinkets and turn them into gadgets.

Infested nurture a horrible parasite that grows stronger.

Keepers attract and cultivate living creatures to aid them.

Shifters can rearrange their bones into different shapes.

4. Choose your Drive. You require neither food nor sleep nor love. But your Drive must be satisfied. Every Skeleton Background has a suggested Drive, or you can invent one of your own.

### **Doing Stuff**

Roll **2d6 Under Skill** to do something difficult or dangerous. Roll **2d6 + Skill Versus** opponent's Skill if competing.

**When you fail**, put a check mark next to that Skill. At the end of a session roll 2d6 above the total value (Skill + Base) to permanently increase that Skill's value by 1 and erase the check mark.

# **Fighting Stuff**

**Turn Tracker**: technicalgrimoire.com/troikagenerator Combatants roll Verses, winner deals damage.

Armor modifies damage roll, not damage dealt.
